BUSHRA SHAFAQ SETHI

0335-5900830 | Sethibushra6@gmail.com | Islamabad | github.com/sethibushra6 | linkedin.com/in/bushra-shafaq-sethi

EDUCATION

SZABIST University, Islamabad | 2024 – 2028
Bachelor of Computer Science | GPA: 3.47 / 4.0
Roots International Schools and Colleges | 2022 – 2024
Intermediate (ICS – Physics)

EXPERIENCE

Social Media & Content Coordinator | Content & Marketing Collaboration

- Managed and curated engaging content across social media platforms, boosting audience interaction and reach.
- Produced and edited high-quality videos, ensuring visually appealing and impactful storytelling.
- Strategically handled social media accounts, optimizing performance and maintaining brand consistency.
- Collaborated on content planning and creation to support marketing and promotional campaigns.

Front-End Web Developer | Freelance / Academic Work

- Built responsive, user-friendly web pages using HTML, CSS, and JavaScript for academic and personal projects.
- Translated design mockups into clean, functional front-end code with attention to layout and usability.
- Used React.js to build reusable components and improve interactivity across pages.
- Debugged cross-browser issues and optimized page performance and responsiveness.

INTERNSHIPS

Web Development Intern | Arch Technologies

- Assisted in developing and maintaining responsive websites using HTML, CSS, and JavaScript.
- Collaborated with the development team on debugging, testing, and improving site functionality.
- Gained hands-on experience with version control and real-world web development workflows.

Front-End Development Intern | Flyrnk AI

- Contributed to building and styling user interfaces for web applications using front-end technologies.
- Worked on improving UI responsiveness and user experience across multiple pages.
- Coordinated with team members to implement design requirements into functional front-end code.

PROJECTS

LOOP — Social Networking Platform (Major Project, In Progress)

- A full-fledged social networking platform featuring authentication, user profiles, posts, stories, messaging, notifications, search, privacy controls, and real-time functionalities.
- Worked on fixing key issues related to profile functionality, including displaying the correct buttons on personal and other users' profiles, managing Follow/Following and Follow Request/Requested states, loading users' feeds and posts correctly, and maintaining consistent application state after page refreshes.

VYBE — Music Player Website | HTML, CSS, JavaScript

- Built a dark-themed, mobile-responsive music player with playlist management, artist pages, a persistent mini player, and a full-screen mobile player overlay; deployed live on GitHub Pages.

Personal Portfolio Website | HTML, CSS, JavaScript

- Built a fully responsive personal portfolio with a mobile-friendly navigation menu, scroll-based animations, and dynamic active-link highlighting.
- Used CSS Grid/Flexbox and vanilla JavaScript (DOM APIs, IntersectionObserver) for cross-device layouts without relying on external frameworks.
- Debugged and resolved real-world deployment issues, including broken links and cross-device layout inconsistencies.

Hangman Game | C++

- Developed a text-based word guessing game using C++ with input validation and game logic.

Cricket Scoreboard System | C++

- Designed a system to track player scores, match statistics, and generate summaries.

Vehicle Rental Management System | C++

- Built an inventory and booking management system with file handling and exception management.

CERTIFICATIONS

- Web Development Certification — Arch Technologies
- Cyber Security Certification — ADBI Institution

SKILLS

Languages: C++, Python, Java, JavaScript, SQL, HTML, CSS
Frameworks & Libraries: Node.js, React.js
Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Project Development
Soft Skills: Teamwork, Leadership, Communication & Presentation, Creativity & Initiative

TOOLS

Developer Tools: VS Code, Git, GitHub, MySQL Workbench
